

test/funcional/ComplexFlow.h

```
graph BT; A[test/funcional/ComplexFlow.h] --> B[test/funcional/ComplexFlow.cpp]; A --> C[test/funcional/flows.cpp];
```

The diagram illustrates a header file dependency. At the top is a grey box labeled 'test/funcional/ComplexFlow.h'. Below it are two white boxes: 'test/funcional/ComplexFlow.cpp' on the left and 'test/funcional/flows.cpp' on the right. Blue arrows point from each of these two boxes up to the header file box, indicating that both source files include the header.
