

test/funcional/LogisticFlow.h

```
graph BT; A[test/funcional/flows.cpp] --> B[test/funcional/LogisticFlow.h]; C[test/funcional/LogisticFlow.cpp] --> B;
```

The diagram illustrates a file dependency structure. At the top is a header file box labeled 'test/funcional/LogisticFlow.h'. Below it are two source file boxes: 'test/funcional/flows.cpp' on the left and 'test/funcional/LogisticFlow.cpp' on the right. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header.
