

test/funcional/ComplexFlow.h

```
graph BT; A[test/funcional/ComplexFlow.cpp] --> C[test/funcional/ComplexFlow.h]; B[test/funcional/flows.cpp] --> C;
```

The diagram illustrates a dependency structure where two source files, `test/funcional/ComplexFlow.cpp` and `test/funcional/flows.cpp`, both include the header file `test/funcional/ComplexFlow.h`. The header file is positioned at the top in a grey box, while the source files are at the bottom in white boxes. Blue arrows point from each source file to the header file.
